

PROJECT REQUIREMENTS

FOR THE PROCUREMENT AND IMPLEMENTATION OF THE PROPOSED EXPANSION OF ACADEMIC BUILDING I.

I. BACKGROUND

The Philippine Science High School-Central Mindanao Campus (PSHS-CMC) is an attached agency under the Department of Science and Technology. The campus is located in Brgy. Nangka, Balo-i, Lanao del Norte. Its vision is to become the leading science high school in Asia Pacific Region preparing its scholar to be globally-competitive Filipino scientist.

To attain this vision, there is a need to provide the scholars with a state-of-the-art facilities and infrastructure to be at par with the leading Asian countries like Japan, Australia and Singapore to name a few.

Starting SY 2020-2021, PSHS-CMC increased its Grade 7 enrollees from 90 to 120 to accommodate more students with high aptitude in Science and Mathematics in Northern Mindanao. Thus, a total of 180 scholars will be added by SY 2025-2026. With the increase in student population, there will be a classroom shortage of six (6) classrooms to cater the academic and instruction needs of the scholar.

To address the classroom shortage, PSHS-CMC proposed for the Expansion of Academic Building 1 with a project cost of Nine Million Five Hundred Fifty – two Thousand and Five Hundred Twenty - Eight Pesos and Twenty - Six Centavos (**Php 9,552,528.26**) for FY 2023. The said expansion will house the six (6) classrooms and two (2) faculty office with gender responsive/PWD comfort rooms.

The national government has been implementing fiscal discipline through the issuance of Executive Order 91 adopting the Cash Budgeting System (CBS) beginning Fiscal Year 2019 and onwards wherein agencies are required to implement and complete their programs and projects within the fiscal year.

II. PROJECT DESCRIPTION AND LOCATION

The proposed structure is a two – storey reinforced concrete with a 2- Faculty office, 6 - Classrooms, 2 – Female CR, 2 – Male CR, 2 – All Gender CR and Storage Room with

an estimated floor area of seven hundred forty – eight (748) square meters. It can accommodate one hundred eighty (180) scholars and eight (8) faculty.

The Project has an approved budget for contract (ABC) amounting to Nine Million Five Hundred Fifty – two Thousand and Five Hundred Twenty - Eight Pesos and Twenty - Six Centavos (**Php 9,552,528.26**) inclusive of taxes.

The propose project is located in the Philippine Science High School Central Mindanao Campus, Nangka, Balo – I, Lanao Del Norte.

III. SELECTION OF CONTRACTORS

1. Bidding shall be conducted by the Bids and Awards Committee (BAC) constituted to conduct the procurement of the project.

2. The CONTRACTOR shall be PCAB accredited.

IV. SCOPE OF WORK

1. Pre – Construction Phase

1.a Preparation of the PERT – CPM/ Gantt chart, equipment, materials and manpower schedule of the construction phase.

1.b Provide all necessary documents that shall be required by PSHS – CMC.

2. Construction Phase

2.a Implement the following scope of works as indicated in the construction drawings and specifications.

a. Cutting trees, Clearing, Grabbing, Lay-out and Staking.

b. Structure Excavation.

c. Embankment

d. Reinforced Concrete Works

e. Reinforcing Steel Works (Grade 40)

f. Forms & False Works

g. Masonry Works with Reinforcement

h. Plain Cement Plaster Finish (Rough Finish)

i. Metal Structures (Truss, Purlins, Facia, Railings)

j. Roofing Works

k. Fenestration (Door Jambs)

l. Electrical & Electrical Fixtures

m. Plumbing & Plumbing Fixtures (Septic tank, Catch Basin, Canal)

n. Plumbing & Plumbing Fixtures (Water Closet, urinal & Lavatory)

2.b Rectification of punch – listing works to be inspected and issued by PSHS – CMC.

2.c Provide all other necessary documents that shall be required by PSHS – CMC.

3. Post – Construction Phase
3.1 Preparation of AS – BUILT Plans.

V. **MINIMUM REQUIREMENTS**

1. Prospective contractors must have at least five (5) years of similar and/or relevant experience related to this Project Requirements, duly registered with SEC or DTI with the following minimum personnel available.

1.a Civil Engineer / Structural Engineer - The Civil Engineer / Structural Engineer must be a duly-licensed Civil Engineer with at least five (5) years' experience in building construction works.

2.b Electrical Engineer - The Electrical Engineer must be a duly-licensed Electrical Engineer with at least five (5) years' experience in electrical building works.

3.c Safety Officer – Should be a Construction Occupational Safety and Health (COSH) Certified with at least five (5) years' experience in constructions.

4.d Mechanical Engineer – The Mechanical Engineer must be a duly-licensed Mechanical Engineer with at least five (5) years' experience in building construction works.

5.e Master Plumber – The Master Plumber must be a registered Master Plumber with at least five (5) years' experience in building construction works.

1.1 Equipment's

- 1.1.a 1 – unit Concrete Mixer (1 – bagger)
- 1.1.b 1 – unit Plate Compactor
- 1.1.c 1 – unit Welding Machine
- 1.1.d 1 – Mini Dump Truck
- 1.1.e 1 – unit Generator Set, minimum 25 kilowatt
- 1.1. f 2 – units Hand Drill
- 1.1.g 2 – units Grinder
- 1.1.h 1 – lot Metal Scaffoldings
- 1.1. I 1 – unit Water Truck

VI. **PROJECTS TIME SCHEDULE**

The CONTRACTOR shall complete the project within Two – Hundred Ten (210) calendar days from receipt of Notice to Proceed (NTP) included of expected rainfall during implementation.

VII. **PSHS – CMC GENERAL RESPONSIBILITY**

1. Coordinate with the CONTRACTOR and the PMO pertaining to issues during the construction.
2. Conducts regular coordination meetings between the CONTRACTOR and the PMO.

VIII. **CONTRACTOR GENERAL RESPONSIBILITY**

1. The CONTRACTOR shall certify that he has, at his own expense, inspected and examined the proposed project site, its surroundings and existing infrastructure and facilities related to the execution of the work and has obtained all of the information that are considered necessary for the proper execution of the work.
2. The CONTRACTOR shall be PCAB accredited and shall have a construction safety and health program approved by DOLE and designed specifically for this projects.
3. The CONTRACTOR will be held accountable for accidents that might occur during the execution of the project. The CONTRACTOR is required to install warning signs and barriers for the safety of the general public and the avoidance of any accidents and provide appropriate personal protective equipment for their construction personnel.

IX. **SUBMITTALS AND OTHERS**

1. Project Detailed Schedule in PERT – CPM and or Gantt chart format.
2. Materials / Manpower Schedule
3. Equipment Schedule
4. Test Results
5. 3 – sets as Built Plan with Digital Copy
6. All other necessary documents to require by PSHS – CMC.

X. **MANNER OF PAYMENT**

1. PSHS – CMC shall pay the CONTRACTOR based on the following payment schedule:

Payment Schedule	Gross Amount (PHP)	Cumulative gross amount of payment (PHP)
ADVANCE PAYMENT 15% of the construction amount. The advance payment shall be in one time deduction from the First Progress Billing	1,432,879.23	1,432,879.23
FIRST PROGRESS BILLING 25% accomplishment One time deduction of Advance Payment (15%)	955,252.83	2,388,132.06
SECOND PROGRESS BILLING 50% accomplishment	2,388,132.06	4,776,264.13
THIRD PROGRESS BILLING 75% accomplishment, Third progress billing (net of recoupment of mobilization fee)	2,388,132.06	7,164,396.19
FOURTH OR FINAL BILLING 100% accomplishment	2,388,132.06	9,552,528.26
Total Payment		9,552,528.26

2. Materials or Equipment delivered on the site but not completely installed in place or used in the project shall not be included for payment.

3. All progress payment shall be subject to retention of ten percent (10%) based on the amount due.

4. The CONTRACTOR may request in writing which must be submitted to form part of the contract documents, for an advanced payment equivalent to fifteen (15%) of the total contract price.
