The Curriculum and Instruction Services Division (CISD)

The office is responsible for ensuring quality instruction to students for the attainment of PSHS Vision and Mission. The office facilitates evaluation procedures to assess the performance of the students, faculty members and academic staff. This is the very core of all the academic undertakings of PSHS-CMC.

CISD is managed by the Division Chief and the Department Heads of the SMT and Humanities Departments. For SY 2015-2016, the division is headed by **Mr. Richard B. Jumawan** in coordination with the Department Heads: **Ms. Jasmin C. Esperante** for the SMT Department and **Ms. Perlita M. Requino** for the Humanities Department. It is the duty of the Division Chief and the Department Heads to oversee the daily internal operations of the division, to supervise the faculty members and the academic staff, to provide direction in upgrading the quality of instruction and teaching-learning process, and to plan, propose and implement approved program for academic and professional growth of the faculty members and academic staff. Moreover, the office encourages the faculty members to upgrade their teaching skills and knowledge by pursuing higher degrees or attending seminars and trainings that are related to their field of specialization.

Currently, the CISD is very proud of its thirty-seven (37) intelligent, hardworking and passionate teachers and 2 very competent Science Research Assistants (SRAs).

 November 22, 2014 at MTG Centers Nationwide

NATIONAL COMPETITIONS

National Finalist
Philippine Sudoku Super Challenge
 February 1, 2014 at SM North Edsa, Quezon City

2nd Place
2014 PSHS System National Science Fair Community Exhibit
 February 7-12, 2014 at FPLA, Antipolo City and at PSHS Main Campus, Agham Road, Diliman, Quezon City

5th Place
Philippine National Chemistry Olympiad (PNCO)
 April 8, 2014 at Ateneo de Naga University, Naga City

2nd Place
Talentadong Pisay Presentation
 September 4, 2014 at PSHS Main Campus Gymnasium

4th Place
PSYSC Science Olympiad (PSO)
 September 27, 2014 at Public Administration Building, UP

3rd Place

Geology Quiz 2014

October 23, 2014 at Institute of Environmental Science and Meteorology, UP, Diliman, QC

3rd Place

4th National Biotechnology Quiz Contest for High School

November 26, 2014 at IESM Audio Visual Room in UP Diliman

1st Place (Physical Sciences Individual Category)

PSHS SYSTEM-WIDE Science Research Summit

December 5-7, 2014 at Green Canyon Resort, Clark, Pampanga

REGIONAL COMPETITIONS

2nd Place

Regional Invention Contest and Exhibit (RICE)

January 14-17, 2014 at SM City, Cagayan de Oro City

1st Place, 2nd Place & 3rd Place

13th Philippine National Chemistry Olympiad-Area Elimination

January 25, 2014 at Chemistry Department, MSU-IIT, Iligan City

1st Place, 2nd Place & Best in Laboratory

13th Philippine National Chemistry Olympiad (Regional/ Interregional Levels - Regions X, XII, ARMM and CARAGA)

February 22, 2014 at Xavier University, Cagayan de Oro City

15 National Qualifiers

MTG Mathematical Challenge for Filipino Kids Training Program (MCFKTP)
January to February, 2014 at Lanao Chung Hua, Iligan City

Champion

PSYC Science Olympiad Regional Finals

September 6-7, 2014 at Xavier University, Cagayan de Oro City

6 Area Stage Qualifiers

17th Philippine Mathematical Olympiad (PMO)

October 11, 2014 at MSU-IIT, Iligan City

2nd Runner-Up

9th Philippine Sudoku Super Challenge Regional Elimination Round

October 18, 2014 at SM, Cagayan de Oro City

CISD Chief Corner

The slogan of Philippine Science High School System is ONE TIME, ONE GOAL, ONE MIND, & ONE DIRECTION. This slogan was emphasized among its regional campuses to give importance to the value of teamwork in order to achieve the defined mission and vision statement of PSHS System, which is to be the leading science high school in ASEAN by 2016 and onwards.

Molding gifted students requires cooperation and responsible partnerships from all stakeholders - the school, the parents and the community - in order to maximize their full potential and to help them become more productive citizens of the country.

According to John C. Maxwell, we need to consider life driven with positive purpose, a life attached with positive meanings and connotations. This is like to be included in the Director's List every quarter, winning in various national and international competitions, provided good leadership roles in enrolled clubs, submitted the course requirements within the prescribed time, and many others. To Maxwell, having a sense of purpose in life keeps a person going in the midst of difficulty. Abraham Lincoln, to add, states, "Always bear in mind that your resolution to succeed is more important than any other thing."

Difficult does not mean impossible. It simply means that we have to work hard and work harder. The leaders/officials in the PSHS organization have tried hard to have a concrete blueprint on where would Pisay be going in the coming years most especially with this K to 12 Basic Education Curriculum implementation. In return, they expect that the scholars, with the support of the parents, will do their own share to make this dream a reality. We do expect that it will not be just words, but it will be output based geared towards the call of time.

The Pisay scholars are described by the people around them having the "Best Minds." But then, Albert Einstein reminds us with this "intellectual humility" to live within ourselves. He says, "The only thing that interferes with my learning is my education." This is a very interesting realization by an incredibly humble leader, which, I suppose, has to be dwelt despite our given superior talents. He was humble enough to know that he did not know everything, humble enough to explore new, unique and opposing ideas, and humble enough to acknowledge that his education would hinder him at times. In the same manner, scholars are expected to be humble enough in all their dealings since the people around them know that they are PSHS scholars tagged as responsible citizens of the country. Continue to practice in real life the core values of PSHS: Patriotism, Integrity, Service, Academic Excellence and Youth Leadership (PISAY).

CISD Personnel Renders Consultancy Services

By: Richard B. Jumawan, CISD Chief

The CISD personnel are actively involved in outreach programs wherein they share their expertise as consultants, facilitators, coordinators, and resource persons in seminar-workshops and other trainings/events of other schools/agencies. For the period of September 2014 to May 2015, the following were the consultancy services rendered by the following CISD personnel based on the record on files at the CISD Office:

Loumar G. Abing, SST I

English Mentor, Mentoring Program of Project MOVE ON Year 3 of DOST-SEI

July 12, 2014 to September 27, 2014 at Maria Cristina CES and Balo-i West CES, Lanao del Norte

CMC Administers the Achievement Test Simulation for Teachers

With the desire of the PSHS System to standardize and improve its new curriculum, the system is continuously finding ways to assess the desired learning competencies acquired by the students in various subject areas. The adoption of a new scheme for the Achievement Test (AT) not only aims to measure the desired learning competencies and general capabilities identified in Grade 7 and 8 curricula but also to validate teaching and learning in

the classroom. With these ideas in hand, the PSHS System through the Research, Policy and Academics Division (RPAD) of the PSHS System scheduled the conduct of the Achievement Test Simulation for Teachers in all regional campuses on March 9-11, 2015 at the convenience of the respective campuses.

By virtue of the PSHS System Memorandum No. 035, s 2015 and its general guidelines dated March 4, 2014, CMC administered the simulation test for the 2015 Achievement Test (AT) in these subject areas: Integrated Science, Mathematics, English, Filipino, and Social Science on March 9, 2015. There were two teachers who took the simulation test per subject area. These teachers have taught the subject in either Grade 7 or Grade 8 and have not participated in the writing of the AT this school year.

The simulation test aims to validate and measure the readability and clarity of the new set of items for the new scheme adopted for the Achievement Test that will be administered to incoming Grade 9 students in July 2016. It will also help evaluate the rubrics to be used in marking the extended response/essay items of the said test.

The conduct of the simulation test for teachers was successfully administered by Engr. Lorvi B. Pagorogon, Campus Director and Mr. Richard B. Jumawan, CISD Chief.

CISD Personnel Attends Seminars, Conferences and Trainings

By: Richard B. Jumawan, CISD Chief

CISD is very supportive to the professional growth and development among its personnel in order to update themselves with the latest development in their respective field of work. Thus, teachers are sent to seminars, conferences and training to enhance their knowledge and skills which they can translate into productive outputs when they return to their respective posts.

From the records on files submitted to the office, the following faculty members have attended seminars, conferences and/or trainings for the period of September 2014 to May 2015:

Loumar G. Abing, SST I

PALIPAD-HANGIN

by Jason Villena, Graphic Artist of DepED educnews

Sumbat ditto, parining dun, hanggang sa merong mapikon
Ang dating namuong tension, sumabog na parang Mayon.

Kanya-kanya na ang sumbong, kanya-kanya na ring gatong
Naghahanap ng kakopong, akala mo'y mga gunggong.

Parang mga aso't pusa, ang ingay ng mga bunganga
Kung mag-away parang bata, hindi na kayo nahiya.

Nagsimula lang yan sa tsismis na nahaluan ng inis
Nagkagulo na ditto sa opis akala mo'y drama series.

Murahan ng malulutong at umaatikabong aksyon
Pag may tumaas ang presyon, sunod batuhan ng celfon.

Bakit ganyan inyong asal? Parang di nagsipag-aral?
Sisimulan nyo ng daldal pag napikon mananampal.

Lagi sanang isa-isip, marami ang nagmamasid
Hindi ba't nakakabuwisit kung lagi kang naka-ismid?

Wala naming mangyayari kung lagi ay "gera-patani"
Kung walang magandang masabi mas mabuting magwalang-kimi.

Matuto kang maki-pamuhay, wag yung konting kibot away
Pag-usapan ng malumanay at huwag masyadong pasaway.

Tigilan na yang iringan, bibigat lang ang kalooban
Kung gusto mo ng kaguluhan? Pa-detail ka sa Basilan.

DOST-PSHS Opens to NCE Application for SY 2016-2017

The Department of Science and Technology - Philippine Science High School System (DOST-PSHS) is now accepting applications for the National Competitive Examination (NCE) for incoming Grade 7 students for SY 2016-2017.

Annually, over 20,000 grade school students all over the Philippines send in their application forms to PSHS and eagerly await the arrival of their test permits that will allow them to take the NCE. This NCE is a test designed to separate the best from the best.

Out of the 20,000 examinees, the 240 students with the highest exam scores get the privilege of studying at the Main Campus, while the others go to the campus of their choice. Regardless of the campus, the qualifiers will receive the best secondary education the Philippines can offer.

CRITERIA FOR ELIGIBILITY

Grade 6 pupils from schools duly recognized by the Department of Education who meet the following criteria are eligible to apply for the PSHS NCE:

- final grade of 85% or better in Science and Mathematics, evidenced in the student's report card, if the student's grades in Science or Math are below 85%, s/he must provide a proof that s/he belongs to the upper 10% of the class
- be a Filipino citizen with no pending application as immigrant to any foreign country
- be born on or after June 1, 2001
- be in good health and fit to undergo a rigorous academic program
- have at least a satisfactory rating (or its equivalent) in his/her Character Rating in his/her report card (SY 2014-2015)

not have taken the NCE previously

APPLICATION REQUIREMENTS

Fully accomplished application form in two copies

- Two recent identical 1x1 ID pictures
- Non-refundable test fee (P100 for private schools, free for public schools)
- Copy of report card for school year (2014-2015)
- If the final grades in Science or Math are below 85%, certification or proof that the child belongs to the upper 10% of the class must be provided

SCREENING PROCESS

Only one test will be administered, a scholastic aptitude test (known as National Competitive Examination), which is designed to measure Scientific Ability, Quantitative Ability, Abstract Reasoning, and Verbal Aptitude. **The NCE will be administered on October 3, 2015.**

APPLICATION PROCESS

Application forms can be downloaded for free at www.pshs.edu.ph and are also available and may be filed in any PSHS campuses nationwide, DOST Regional Office, or Provincial Science and Technology Office. Application forms with incomplete information will not be processed. Erasures, alterations and insertions must be initialed by the applicant.

The Examination Permits will be issued to the applicants upon completion of all documents by the campus where the

application is processed. For applications filed at DOST offices, the exam permits will be mailed to the applicant and/or to the school principal for distribution to its applicants.

In case the exam permits are not received two (2) weeks before the examination day, the applicants should check with the nearest PSHS campus, DOST Regional Office, DOST Provincial Science and Technology Office, or the PSHS System Admissions Office.

SCHOLARSHIP PRIVILEGES

- Free tuition fee
- Free loan of textbooks
- Monthly stipend
- Uniform, transportation and living allowances for low income groups

** Acceptance and processing of application will start on **July 6, 2015**.

** The deadline for filing of application is on **August 24, 2015**.

** The date of the examination is on **October 3, 2015**.

The PSHS or Pisay, operating under one system of governance and management, provides scholarships to students with high aptitude in science and mathematics. Based on a curriculum that emphasizes science and mathematics and the development of well-rounded individuals, PSHS prepares its students for careers in science and technology.

To date, PSHS has 14 campuses nationwide, with the addition of the Calabarzon Region Campus which starts this SY 2015-2016.

2 CMC Scholars receives the YES Award for SY 2014-2015

By: Richard B. Jumawan, CISD Chief

The Youth Excellence in Science or YES Award is a DOST institutional award for exemplary achievement of the youth in the fields of science and mathematics. Every awardee is given with a medal of distinction awarded by the DOST Secretary or Regional Director.

The YES medal signifies the DOST's high regard for excellence and competitiveness through the distinguished achievements of young Filipinos in international science and mathematics competitions.

This school year, two CMC scholars have received the said award as shown in the table below.

Student	Award	Title of Competition	Date	Venue
Magumpara, Isnihaya	Silver	IMC-Singapore	August 1-4, 2014	Singapore
Malalis, Royce Val	Silver	2014 Hongkong Search for Star of the Math Olympics	July 19-22, 2014	Hongkong (China)
	Silver	2014 "Chong Hua Cup" Creative Mathematics Competition	July 19-22, 2014	Hongkong (China)

The CISD is hopeful that there will be more CMC YES Awardees in the coming years as part of the efforts of benchmarking activities for the new implemented

PSHS curriculum on international standards, most especially with the recent approval of the Academic Council on the new **Guidelines in Participating**

Competitions/ Events, where necessary preparations of these events are expected.

For the YES awardees, congratulations!!!

The CMC Academic Ceremonial Mace

Historically, maces served as symbols of authority dating from medieval times when knights carried them during processions with their kings. As the tradition grew, they became ceremonial symbols of peaceful leadership, and they were embellished with jewels and metals. Today, they are used by some academic institutions to be displayed during commencement and inaugural and other academic ceremonial processions.

In CMC, the academic ceremonial mace was designed by Engr. Remedio C. Madrazo, Jr., Technology Teacher in cooperation with Mr. Radel D. Rayon, the SRA detailed for CST and Physics Laboratories. The CMC mace was designed as the symbol of the school for any ceremonial purpose or undertaking. It was first displayed and shown to the public last April 15, 2015 during the 14th Commencement Exercises held at Elena Tower, Iligan City.
